

**MATH 129 – Calculus II**  
**Section 11 MWF 1-1:50pm, SO 202**  
**Fall 2008**

**Instructor:** Marek Rychlik  
**Office:** MATH 605  
**Phone:** 621-6864  
**Email:** [rychlik@u.arizona.edu](mailto:rychlik@u.arizona.edu)  
**Webpage:** <http://alamos.math.arizona.edu>  
**Course Webpage:** <http://math.arizona.edu/~calc>

**Text:** Calculus, Fourth Edition by Hughes-Hallett et al. published by Wiley.

**Attendance:** Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. It is the student's responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student's submitted work must be the student's own. University policies can be found at <http://dos.web.arizona.edu/uapolicies>. Students who miss the first two class meeting will be administratively dropped unless they have made other arrangements.

**Homework/Quizzes:** Homework will be submitted in two formats throughout the semester. A computer grading program called WebAssign will be used for problems assigned from the text. Student accounts can be purchased on-line at <http://www.webassign.net>. Your login and initial password will be provided by your instructor. Hand-written homework showing all work with proper notation will also be submitted. These problems will come from the text and/or from a set of problems created by your instructor. In-class quizzes may also be given. Calculators will not be allowed on the quizzes unless the instructor states explicitly that they will be permitted. There will be no make-up quizzes. Rather, at least one quiz (the lowest one) will be dropped at the end of the semester. A final homework/quiz score based on 100 possible points will be assigned. (75 points from the computer graded assignments and 25 points from the hand-written assignments/quizzes). Homework is an essential component of the course, whether it is assigned for grading or not. Late homework submissions will not be accepted.

**In-Class Exams:** The three in-class exams are scheduled for **Wednesday, September 17;** **Wednesday, October 22;** and **Wednesday, December 3.** Each exam will be worth 100 points. All electronic devices, particularly cell phones, must be turned off during all exams. Silence and vibration modes are not allowed.

**Missed exams:** Students are expected to be present for all exams. If a verifiable emergency arises which prevents you from taking an in-class exam at the regularly scheduled time, you must notify your instructor as soon as possible, and in any case, prior to the next regularly scheduled class. Make-up exams will be administered only at the discretion of the instructor. If a student is allowed to make up a missed exam, (s)he must take it at a mutually arranged time. No further opportunities will be extended. Failure to contact your instructor as stated above or inability to produce sufficient evidence of a real emergency will result in a grade of zero on the exam.

**Final Exam:** The final exam is a common department exam worth 200 points. It is scheduled for **Monday, December 15 from 8:00 – 10:00 am**. Additional information and a study guide can be found at <http://math.arizona.edu/~calc>. The University's Exam regulations for final exam week will be strictly followed. The regulations can be found at <http://www.registrar.arizona.edu/schedule081/exams/examrules.htm>.

**Calculators:** A graphics calculator is an important tool that will be used in this course. Students are expected to have a working calculator for each exam. No calculator swapping is permitted during exams. Calculator programs can be found at <http://math.arizona.edu/~krawczyk/calcul.html>.

**Grades:** The total number of points available on tests and homework is 600. Grades will be no lower than those set forth in the following table

$540 \leq \text{points} \leq 600$	90% to 100%	A
$480 \leq \text{points} \leq 539$	80% to 90%	B
$420 \leq \text{points} \leq 479$	70% to 80%	C
$360 \leq \text{points} \leq 419$	60% to 70%	D
$0 \leq \text{points} \leq 359$	0% to 60%	E

**Students with disabilities:**

If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; [drc.arizona.edu](http://drc.arizona.edu)). You should notify your instructor of your eligibility for reasonable accommodations by September 15, 2008. You and your instructor can then plan how best to coordinate your accommodations.

**Students withdrawing from the course:**

If you withdraw from the course by September 19, the course will be deleted from your enrollment record. If you withdraw from the course by October 17, you will receive a grade of W. The University allows withdraws after March 11, but only with the Dean's signature. Late withdraws will be dealt with on a case by case basis, and requests for late withdraw with a W without a valid reason may or may not be honored.

**Incompletes:**

The grade of I will be awarded if all of the following conditions are met:

1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50% on the work completed.
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.
